## ENROLMENT PROCESS FOR ROTORUA INTERMEDIATE SCHOOL 2011

Dear Parents/Caregivers,

Providing a smooth transition from our Contributing Schools to **Rotorua Intermediate** is the **purpose** behind this year's approach of **personalising student enrolment**. The induction timeline below has been designed to ensure that this goal, for our 2011 students, is achieved.

**Team Leaders** intend undertaking individual interviews with all parents of students enrolling at Rotorua Intermediate for intermediate school years. These interviews will allow us a chance to get to know your child and for your child to meet us. It is also a time to establish a working and supportive partnership with you. We encourage parents to take up this opportunity and allow your child to see home and school are working together for their educational benefit.
