

Bring Your Own Chrome Book

Welcome to another year of worthwhile learning for your child at Rotorua Intermediate. We are really encouraged by the high number of students with their own Chrome books.

The benefits of an individually owned Chrome book include:

- maximising opportunities for your child to be extrinsically driven to participate fully in learning.
- immediate access to digital programmes, digital resources and online learning folders.
- owning a Chrome book also means that learning can continue at home, creating an interactive platform that goes beyond the traditional 9am to 3pm classroom.

We appreciate that buying a Chrome book can be costly especially at the beginning of a school year. We would love to see as many students as possible own their own device. If you are able to purchase a device at any stage in the future, whether it be next term or the following, this will be beneficial.

Purchasing options include:

- buying a Chrome book outright from any chosen retailer- this can be any brand as long as it is a Chrome book.
- financing a Chrome book through Noel Leeming in partnership with the Credit Union. Please see Noel Leeming, in store, for details.

If you need further information or advice in regard to Chrome books, please contact Heather Nahu (Email: heathern@rotorua-intemEDIATE.org.nz or 348 9888)

Enjoy your role as supporting parents, because your child is worth it.
