

# **Welcome to Educa**

## ***Participating Meaningfully In the Learning***

### **Always connected**

Find out about classroom events as they happen, Updates come right to your phone — stories, images and videos. Check our child's online portfolio at any time.

### **Contribute your own stories**

Add learning or events at home to your child's portfolio. Or add notes or images of follow-on activities at home as a response to a teacher story.

### **Create a closer parent-teacher connection**

The Educa Touch app is private and secure channel that is conducive to candid conversations, real feedback that can help your child's development.

### **Invite extended family**

Invite grand-parents and extended family to create a community around your child to support the learning. Family can share and post creating a two-way community.

Extended family can see updates also, when appropriate.
