 - is welcoming of difference and diversity and is based on inclusivity;
 - encourages pupils to disclose and discuss incidents of bullying behaviour in a non-threatening environment; and
 - promotes respectful relationships across the school community.
 - Effective leadership involving a collaborative inclusion of all staff, students and where possible our parent community.
 - A school-wide approach as per Manaakitanga protocols and procedures creating a framework to address any incidents of bullying through a restorative approach.

What should not be acknowledged as bullying?

Isolated or once-off incidents of intentional negative behaviour, including a once-off offensive or hurtful text message or other private messaging, do not fall within the definition of bullying and should be dealt with, as appropriate, in accordance with our RI Manaakitanga Protocols and Procedures.

However, in the context of this policy, placing a once-off offensive or hurtful public message, image or statement on a social network site or other public forum where that message, image or statement can be viewed and/or repeated by other people will be regarded as bullying behaviour.

Negative behaviour that does not meet this definition of bullying will be dealt with in accordance with the school's code of behaviour. (Manaakitanga protocols and procedures)

Additional information on different types of bullying information is set out in Section 2 of the *Anti-Bullying Procedures for Primary and Post-Primary Schools*.
